Never play with fire.
Know where your smoke alarms are and what they sound like.
Get an adult to test them once a month & replace any alarm that’s at least 10 years old.
Design a home escape plan with your family and practice it at least two times a year (use the back of this sheet).
Put emergency numbers & your home address by the phone.
Learn the Stop, Drop & Roll procedure (at right).

**Home Safety Puzzle**

Clues:
1. Be sure to have a smoke ________ in and near all sleeping areas.
2. Replace _______ alarms that are over ten years old.
3. A _______ monoxide alarm will protect you from this harmful gas.
4. Make sure to call 911 in case of a _______ or emergency.

**FIRE SAFETY LESSONS**

What to do if your clothes accidentally catch fire

1. Stop
2. Drop
3. Roll

**Stop, Drop, and Roll:**
Make sure you cover your face with your hands, and roll over and over and over until there are no more flames.

Don't forget to practice!
Draw a map of your home. Show all doors and windows.

Visit each room. Find two ways out.

All windows and doors should open easily. You should be able to use them to get outside.

Make sure your home has smoke alarms. Push the test button to make sure each alarm is working.

Pick a meeting place outside. It should be in front of your home. Everyone will meet at the meeting place.

Make sure your house or building number can be seen from the street.

Talk about your plan with everyone in your home.

Practice your home fire escape drill!
