

Shield Your Family from Danger with **SIMPLE STEPS TO SAFETY**

A fatal house fire occurs every three hours in America and more than 18,000 are injured or die from carbon monoxide (CO) poisoning every year. *Help shield your family from danger by following these simple steps:*

1. REPLACE SMOKE ALARMS every 10 years!

- ✓ Use Kidde Worry-Free 10-year sealed battery alarms & never change a battery!
- ✓ Choose the right alarm for the right location on every room & on each level.
- ✓ Test alarms monthly.

2. PLACE FIRE EXTINGUISHERS within reach on every level of your home!

- ✓ Install close to exits, and in the kitchen and garage. Include all locations where a fire may start.
- ✓ Check the gauge monthly to be sure it is pressurized.
- ✓ Replace fire extinguishers that are over 12 years old or after use.

3. INSTALL CARBON MONOXIDE ALARMS on each floor & near bedrooms!

- ✓ Look for the UL Listed symbol to be sure the alarm meets quality standards.
- ✓ Replace outdated alarms with Kidde Worry-Free 10-year sealed battery alarms.
- ✓ Test alarms monthly.

4. CREATE AN ESCAPE PLAN WITH YOUR FAMILY.

- ✓ Practice regularly, both day and night.
- ✓ Know 2 ways out of every room.
- ✓ Know who will assist children and those with mobility/health issues.
- ✓ Have escape ladders in upstairs rooms.

5. COMMIT TO BEING A SAFETY HERO BY TAKING THE PLEDGE AT ALARMPLEDGE.COM

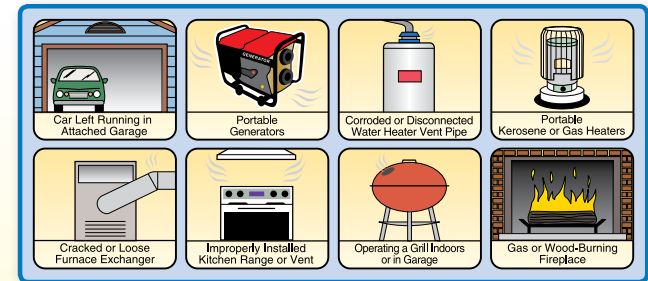

- ✓ Protect your family and home.
- ✓ Protect your firefighters.

How to Use a Fire Extinguisher

Remember the Phrase **PASS**

1. **Pull the pin**
2. **Aim at the base of the fire**
3. **Squeeze the handle**
4. **Sweep from side to side**

Potential Sources of Carbon Monoxide
